What is Keravive?

A Hydrafacial for the scalp! Keravive uses the innovative, non-invasive technology of Hydrafacial to deliver premium exfoliation, moisture and nutrients to hair follicles—essential for natural hair growth over time.

Treat any area of concern—or get a total scalp refresh!

Is it a one-time treatment?

3X THE CHARM!

Keravive achieves the best results when you receive 3 monthly treatments with daily use of our exclusive peptide take-home spray to boost treatment benefits.

How does Keravive work?

Keravive is a relaxing, painless approach to a healthy scalp promoting fuller, thicker hair ^{1,2}

STEP 1: PURIFY

Stimulates and opens hair follicles to exfoliate and clean away oil and debris

STEP 2: NOURISH

Infuses cleansed follicles and surrounding skin with peptides, growth factors, and hydration

STEP 3: BOOST

Supports natural hair growth at home with a daily peptide spray in between treatments

Real, confidence-boosting results

You'll notice improvements in how your scalp and hair feel right away.

In studies, half of people receiving Keravive reported improvement in their hair fullness after just **one treatment**.^{1,2}
